Lucas Miller

Junior Front-End Developer

lucas.miller.jr@example.com | +1 (555) 456-7890 | Denver, CO

PROFESSIONAL SUMMARY

Junior Front-End Developer with 10 months of experience building basic responsive websites with HTML, CSS, JavaScript, and introductory React. Seeking an entry-level position to continue learning modern full-stack development, backend APIs, and cloud deployments under senior mentorship.

TECHNICAL SKILLS & COMPETENCIES

- HTML5, CSS3, Modern JavaScript (ES6+)
- Basic React, Vite, Bootstrap, Tailwind CSS
- Git basics, GitHub, npm, Webpack configuration
- Introductory Node.js and REST API consumption

WORK EXPERIENCE

Junior Web Developer (Intern) - Creative Pixels Agency 2023 - 2024

– Built landing pages and static marketing sites using HTML, CSS, and vanilla JavaScript.

– Assisted senior developers with React component styling and fixing responsive layout bugs.

– Participated in daily standups and maintained Jira tickets.

EDUCATION

Full-Stack Web Development Bootcamp Certificate - CodeCraft (2023)
